VOL. LXXXIII. NUMBER 15

Ray Jensen presents Certificate of Recognition from Antioch Lions Club to Preston Reckers, of State Bank of Antioch in appreciation of the State Bank's donation of candy for the Lions Club Candy Sale on Oct. 11-12.

Antioch Lions Set Candy Day Oct. 11

Friday, Oct. 11 is Lions Club Candy Day in Antioch and throughout the rest of the state. From noon on that day through noon of Saturday, Oct. 12, some 60 Antioch Lions Club members and their wives will man the street corners of Antioch to exchange candy rolls for donations.

The Candy Day program spearheads a host of projects to build a bigger world for the blind. Candy Day contributions provide education, training, new skills, Leader Dogs, eye surgery, braille writers, eye banks, glaucoma clinics, tape recorders for the visually handicapped.

The Candy Day program aims at bringing maximum help to the "legally blind" in Illinois, more than 21,000 persons. Whether it is new vision through corrective eye surgery

or a tape recorder for a blind college girl in Lake Villa, Candy Day funds go swiftly and surely where the need arises.

This year's Candy Day goal throughout the state is \$550,000. The 27,000 members of more than 600 Lions Clubs will join the Antioch club members and their wives in giving away candy rolls for contributions.

Making it official. Governor Samuel Shapiro signs proclamation making October 11 officially Candy Day for the Illinois Lions. Some 27,000 members in 600 clubs will work in the \$550,000 drive. Observing the signing ceremony are from left: Natalie Grebenic, 3201 S. 54th Court, Cicero; Johnny Balbo, Past International Director and Honorary Chairman of the Blind Activities Committee of Downers Grove, Illinois; Michael Bartel, 1033 North Monitor, Chicago; Lions Candy Day Boy, seated with Governor Sam Shapiro.

Here, the staff handles a steady stream of requests for help and information throughout the year. Help for the blind is fast and tailored precisely to the needs of each person.

As an example, a recent request from a sightless college graduate for help in finding a job as a radio announcer is being handled and the youth may already be at work in his field.

Another instance is a young woman recently graduated from college with a Bachelor's degree in education seeking aid in finding a teaching position.

Candy Day collections are put to work in safeguarding eyesight.

Illinois Lions Clubs cooperate closely with the Illinois Society for the Prevention of Blindness in fostering sight conservation programs.

These sight conservation activities employ a twofold approach, preventing blindness and restoring eyesight.

During 1967 the Society examined more than 12,000 preschool age children and over 3,000 adults in three glaucoma screening programs.

The Lions of Illinois Blind Activities Committee recognizes that blindness knows no barriers of race or creed or color. Help through the Candy Day program is free of all these restrictions as well.

Whether it is money for a Leader Dog or an operation for an eight-year-old boy with glaucoma, a braille dictionary for a teen-age student or summer camping for visually handicapped youngsters—Candy Day funds go where the need is.

When the Antioch Lions Club members don their yellow caps to give away candy rolls to help the blind, you can be assured that these funds will immediately be translated in confidence—new skills—widened horizons and broadened opportunities for the sightless in Illinois.

Trustees Veto Zoning Board, Grant Petition

The Antioch Village Board Tuesday night, by a split vote, overrode the recommendations of the Zoning Board of Appeals and voted approval of two-family zoning for construction of a new building.

The petition was that of Eileen Levin to rezone property at Orchard Street and David Avenue from R-2 single family to R-4 two family.

The petition had been held over for two weeks by the board.

Realtor Bernard Osmond, who represented the petitioner at the board meeting two weeks ago was not present when the zoning was approved Tuesday night.

The Zoning Board of Appeals, despite the fact that no objections to the zoning came forward at the public hearing on the request, had voted against approval on the basis of "spot zoning" and "not in the best interest of the community."

When the matter was brought up at Tuesday's meeting, Trustee J. Irving Walsh commented that he would like to see the zoning approved.

Walsh pointed out that it is a dead-end and was not good for anything else. He added that the building proposed by Osmond was a "good looking building."

Trustee Arthur R. Meierdick said he wouldn't like to see it there.

"This would set a precedent in Westgate," Meierdick said. "And then we would have duplexes all over the town. This property goes 50 feet into the Westgate area."

Trustee Richard H. Radke commented that Osmond owned Westgate and he would be jeopardizing his own property if he were wrong and that wasn't likely.

Trustee Robert C. Wilton told his colleagues that the Zoning Board of Appeals admitted in its recommendation that no objections to the zoning had come forward.

downgrading the area?" Wilton asked. "It isn't good for anything else."

Mayor Raymond Toft then asked Wilton if he would mind a duplex across the street from him.

"No," Wilton replied.

Wilton then recommended that the zoning be granted and overrode the zoning board and his motion was seconded by Radke.

The vote was 4 to 1 with Trustee Richard O. Burnette passing his vote.

Voting for the granting of the zoning change were Radke, Wilton, Walsh and Vern L. Barnstable.

Meierdick voted against it. After the action was taken Toft remarked that "I think you just lost your zoning board of appeals."

In presenting his case two weeks ago, Osmond said he would not fight the zoning board in the courts.

He said that spot zoning was a tool used by zoning boards when everything else in the petition conformed to the ordinance.

He told the board at the time that "if a zoning ordinance is any good at all it must change. It must blend as a community blends. If you are never going to vary your zoning ordinance then you don't need a zoning board."

TAG DAYS
In other action the board granted the Children's Benefit League of Chicago and Suburbs a tag day on April 18, 1969, and granted the Cerebral Palsy group a 53 minute march on Sunday, Jan. 12.

WATER FIGHT COURT
The board also approved a request by the Antioch Fire Department to build a water fight court on a piece of property south of the Nelson lot and north and east of the city parking lot.

SQUAD CAR
Also approved by the board was

a request for bids on the purchasing or leasing of a new squad car.

NO OCCUPANCY

The board also passed a motion to not allow occupancy of two apartment houses on Buena Terrace until the street is finished and the parking lots completed.

It was brought to the attention of the board that one of the apartments had already been occupied in violation of the ordinance.

Board Atty. Edward C. Jacobs said the owner should be arrested because he had gone against the ordinance.

"What is the sense of having an ordinance if you don't enforce it?" he queried.

The board instead passed the motion.

CLOSE STREET

In final action the board granted a request by the fire department to close Broadway Avenue for an hour next Sunday to demonstrate the use of fire equipment as part of the open house celebration.

New AGS Building Planned

The Antioch Grade School Board held a special meeting Tuesday night and the entire evening was given over to the discussion of space considerations for the new upper grade building.

The board decided that the new building should contain 18 classrooms, each with a capacity for 30 students.

The board also agreed that the school have a Library-Learning Resource Center, Science Facilities, Band and Vocal Music Room, a Special Education room for the educable mentally handicapped and also a room devoted to speech correction.

The board also approved the idea of a combined unit for industrial arts, home economics, arts and crafts; a gymnasium with stage, a cafeteria with elevated area in the rear for special programs, and an official area which would feature a board room, superintendent's office, principal's office, inner office for secretaries, outer office for secretaries, counseling room, administrative unit and wash rooms.

The board also discussed the need for a room for the school nurse and health services, professional staff facilities, sanitary facilities and maintenance and service facilities.

The present enrollment at Antioch Grade School includes 186 in the kindergarten; 135 in 1st; 144 in 2nd; 139 in 3rd; 142 in 4th; 128 in 5th; 134 in 6th; 103 in 7th and 131 in 8th grade.

The projected enrollment five years hence would be a total of 525 students for grades 6, 7 and 8.

Fire Station Open House Next Monday

It will be open house at the Antioch fire station on Monday, Oct. 6.

"At 1 p.m. there will be an inspection of buildings and equipment and visitors will be greeted by village and district officials."

At 2 p.m. a demonstration will be held in the village parking lot on the operation of hand extinguishers and a demonstration of the use of motorized equipment.

At 3 p.m. those who had not toured the building and inspected the equipment may do so. Refreshments will be served.

Rep. Murphy Hits Away at Con-Con

State Rep. W. J. (Bill) Murphy, R-Forest Lake, Antioch, has come out against the Constitutional Convention proposal which will be on the ballot on Nov. 5.

Speaking at a meeting in the Rustic Manor, Gurnee, Murphy urged that the voter must not be misled by the arguments that our present Constitution is "archaic" and "horse and buggy."

"The Illinois Constitution is a basic, sound document which has kept us free of income tax, protected our property rights and our freedom of choice," Murphy said.

"It has protected our school system and our rights of local governments and kept the state's sovereignty down through the years."

Murphy charged that the same people who "conned" the citizenry into voting for the Judicial Reform are now trying to "brainwash" the voters into destroying the Constitution.

He pointed out that there will be 116 delegates elected, 60 of them from Cook County and only 56 from the balance of the state.

"These people are going to write this Constitution to bring about a planned social change,"

Murphy charged. "They will write it to tell you how, when and where your children will go to school. They will write it so that they will have control of your child from diaper to shroud."

"The planners, the experts are waiting with bated breath for you to give up this last piece of protection you have," Murphy said.

"Admittedly, no Constitution is perfect and the Illinois Constitution may not be perfect. But we have a safe system now—to change piece by piece our Constitution by a vote of all the people on each issue as the need arises."

Speaking to a meeting of the Lake County Township officials, Murphy charged that the backers of Con-Con "want to destroy all

local government, all local control of school districts and replace it with regional, Washington-controlled commissions such as the Northern Illinois Metropolitan Commission."

He added that a constitutional convention would bring about:

1. A state income tax.
2. Your entire tax structure changed.
3. Loss of your right of choice of residency.
4. Change in your school systems as you know them.
5. Loss of your local government and home rule.
6. Loss of the Sovereignty of the state.

"Let us keep a representative government of the people," Murphy said. "Let us govern, and not be governed."

A Good Judge

There will be one proposition on the Nov. 5 ballot which should get a resounding yes vote.

That is, the proposition to retain in office Lake County Circuit Judge Glenn K. Seidenfeld.

Judge Seidenfeld took the bench after many years as a distinguished Lake County lawyer and his tenure has brought nothing but praise.

Those who know him best, the members of his own profession, endorse him heartily.

The Supreme Court of the State of Illinois was impressed with his work here so they put him on the Appellate Court bench where he is now serving.

During his tenure on the Lake County Circuit bench, Judge Seidenfeld again distinguished himself and his fellow judges elected him Chief Judge.

The situation on which he is running is somewhat unique.

Although he is serving on the Appellate Court he is still to be elected to the Lake County Circuit Court.

And, under the Blue-Ballot amendment to the Judicial Article, he is running against himself for retention.

We believe he should be retained even if he were running against another opponent.

We wholeheartedly endorse this fine jurist.

Newspaper Week

Next week is National Newspaper Week and we would like to say a few words about the press.

Freedom of the Press, in our opinion, is one of the most cherished rights in our country today and in the coming years could be the most vital thing that the citizenry could have going for it.

For by Freedom of the Press the citizen is guaranteed that someone is looking over the shoulders of those who govern and lead us; those who make the laws; and those who enforce them.

In every country in the world where forces detrimental to the people have taken over, the Freedom of the Press is the first freedom to go.

This proves one thing to us.

In order to take over anywhere, control of the communications media is a must.

Therefore, we protect our freedom to report the news factually, with all our strength.

We confine our opinions to the Editorial Page where they belong.

We don't always like the news we print. It is sometimes as unpalatable to us as it is to those who are making the news.

But print it we will if it is fact, and not rumor or spite.

We will do everything in our power to live up to these high principals of reporting to you the news of our community.

And it will be reported factually and unbiased.

This we pledge.

Ill. Bell Asks ICC For Liberalized Regulations

Liberalized regulations for connecting customer-owned equipment, such as computers, to local and intrastate long distance telephone networks have been filed with the Illinois Commerce Commission, Illinois Bell Telephone said today.

Similar regulations recently were filed by the AT&T Company with the Federal Communications Commission. They cover the connection of customer-owned equipment to interstate long distance services.

Purpose of the relaxation of present regulations, a company spokesman said, is to accommodate the broadening requirements for specialized services, and at the same time protect the quality of communications services to the general public. "These proposed changes," he said, "should open the telephone network to much wider use by our customers."

Among the provisions of the proposed regulations are these: Direct electrical connections of customer-provided data equipment to telephone lines will be

available by one of two methods. He can continue to use the telephone company's Data-Phone set, which is a modulating and demodulating device, or he may provide his own equipment. If he chooses the latter method, a low cost "data access" arrangement will be provided by the telephone company.

"Voices access" arrangements also will be available through the telephone company for direct electrical connections which involve voice rather than data channels.

Acoustic connections, such as putting a small loudspeaker near a telephone, will be permitted either for transmitting or receiving messages over telephone lines. Inductive connections, made by placing a piece of equipment within the electromagnetic field generated by a telephone, also will be permitted.

Customers will be able to connect private mobile radiotelephone systems to the telephone network, either by direct electrical or acoustical arrangements.

Change In Medicare

Beginning in January, an older person who goes to the hospital under Medicare will be responsible for the first \$44.00 of his hospital bill—now running about \$600.00 for the average hospital stay by a Medicare beneficiary, Bernard Barnett, Social Security District Manager, said. The \$4.00 increase (from the present \$40.00 deductible) results from a provision in the law requiring an annual review of the deductible amount. The first such review, the law provided, was to be made in 1968.

The law specified that if this review shows that hospital costs

have changed significantly, the hospital deductible amount must be adjusted for the following year.

Necessary increases in the deductible amount are to be made in \$4.00 steps to avoid small annual changes. Following the formula in the law, and figuring the ratio of inpatient hospital costs under Medicare in 1968 with those in 1967, the deductible amount for 1969 worked out to \$45.38. Rounded in the nearest multiple of \$4.00, this will make the deductible \$44.00 for 1969.

The results of the annual review of the inpatient hospital deductible also apply to the dollar amounts a Medicare beneficiary pays toward a hospital stay of more than 60 days, or a post-hospital extended care stay of over 20 days. These amounts there-

fore will also increase by 10 percent, effective January 1, to \$11.00 a day for the first through the 90th day of a hospital stay; to \$5.50 for the 91st to the 100th day of a stay in a post-hospital extended care facility; and to \$22.00 a day for each day of the lifetime reserve of 60 days (the reserve account a beneficiary can draw upon if he ever needs more than 90 days of hospital care in the same benefit period.) The changes in these amounts apply only to the hospital insurance part of Medicare and do not affect the financing of the supplementary medical insurance—the voluntary program which covers doctor bills and a wide variety of other medical services.

"At least one certified Red Cross first aider in every home, school, office, and factory is the goal of First Aid Month this year," says Dean Kline, volunteer first aid chairman for Red Cross.

The chapter is offering free first aid classes at more than 150 locations—park district field houses, schools, community centers, churches, Red Cross offices—during October.

Taught by volunteer first aid instructors, the classes meet one night a week for two hours throughout the month.

The Antioch Rescue Squad is offering the course in Antioch. The first meeting is tonight (Thursday), at 7 p.m. in the Rescue Squad building.

"The class sessions include emergency care for simple abrasions, minor burns, scratches, cuts, fractures, head injuries and electric shock," reports Mr. Kline, materials control consultant for International Harvester Corporation.

Students, who must be 14 years of age or older, will also practice

bandaging and splinting techniques, and perform mouth-to-mouth resuscitation.

Instruction is free, but each student will need a Red Cross first aid textbook and practice bandages, available at the first class session for \$1.00.

"A popular part of the course," continues Mr. Kline, "is the session on review of the home medicine cabinet, and what to carry in the car to meet emergencies on the highway."

Mr. Kline particularly urges young mothers, teachers, service station operators, bus drivers, and other persons coming in contact with large numbers of children or citizens to enroll in the first-aid course.

"There is national interest in Gov. Love, whose star as a GOP luminary is rising," Ellis said. "Of local interest is the fact that the governor was born in Gibson City, Illinois."

The reception will start at 6 p.m. in a tent near the dining hall.

C.S. Lecturer Speaks On Love

"It is the living of God's love in human life that alone will counteract the rising tide of fear, frustration, and hate—in the world."

This statement was made by Grace Bemis Curtis, C.S.B., of Pittsburgh, Pa., at a public Christian Science lecture Sept. 27, titled "Loving to Live," given in Lake Forest.

Speaking of the primary importance of love, she said: "Why is love so important? Because it is the essence of life. The deepest, most fundamental need of the human heart is for love... it is essential to life."

Free Christian Science lectures are presented throughout the world as a community service by The First Church of Christ, Scientist, in Boston, Mass., and its more than 3,000 branches. Miss Curtis is a member of The Christian Science Board of Lectureship. Her lecture was sponsored by First Church of Christ, Scientist, Antioch, and four other Lake County Christian Science Churches.

Wilmet Voters Okay Academic Addition

Voters in the Wilmet Union High School district came out 1489 strong Tuesday and the proposal for a basic academic addition, which the architects estimated would cost \$1,395,000 squeaked through by a narrow margin of 773 yes and 698 no votes.

The proposals for a \$325,000 swimming pool and a \$275,000 auditorium were soundly defeated. The swimming pool vote totaled 346 yes and 1031 no votes. The auditorium vote received 484 yes and 926 no votes.

It is estimated that the academic addition would increase taxes in 1969 by \$1.96 per \$1,000 of equalized property value.

The swimming pool would have added an additional 45 cents and the auditorium 39 cents.

Sequoits Collar Bulldogs 51-12

It's hard to explain how it happened, but Roy Nelson's varsity football squad could do no wrong Saturday as they rolled over Grant's Bulldogs 51-12.

It was obvious from the start that it just wasn't Grant's day. After forcing Grant to punt, Dave Camp went 40 yards on the Sequoits' first play of the game, to score. From then on it was all downhill. It seemed like Antioch scored every time they got their hands on the ball. All in all Antioch scored 8 times, with Camp leading all scorers with 4. Jim Carlson followed with 2 and Lou Nielsen and Ralph Zanek each scored one, Nielsen's being a 79 yard kickoff return late in the fourth quarter.

"The line opened up gaping holes for the ball carriers," said assistant coach Bruce Bartosz, "and I must give our center Ron Ozga some recognition. He completely immobilized Grant's giant Tom Murray who outweighed Ron by 90 pounds."

After holding Grant, Antioch put the ball in play on Grant's 40. Camp went the distance on the first play. Effinger's kick was wide and with 9:34 left in the first quarter Antioch led 6-0.

Grant took the kickoff and couldn't move the ball and the Sequoits took control on Grant's 48 yard line. Owens led them down to the 3 yard line where Camp scored his second of the day with 3:29 left in the first quarter. Effinger's kick was good, making it 13-0 Sequoits.

Once again Antioch's defense held and the Sequoits took over on their own 9 yard line. With 2:59 left in the first half, Camp scored No. 3 from the Grant 28. The p.a.t. was wide and at half-time Antioch led 19-0.

Antioch received the second half kickoff and put the ball into play on their own 42. After a big run by Ralph Zanek, Owens completed a 9 yd. pass to Jim Carlson for his first t.d. of the day. With 9:47 left in the third quarter Antioch led 25-0.

After forcing Grant to punt, Antioch started another drive on their own 31. The drive ended with a 6 yd. pass from Owens to Zanek. Rick Nelson's pass to Fred Koch for the p.a.t. was good, making it 32-0 Antioch with 32 seconds left in the 3rd quarter.

These two assistant football coaches help guide the Antioch gridders to victory.

After Zanek received a Grant punt on the Antioch 35 and returned it to Grant's 25, Camp scored from the 9 for his fourth t.d. with 8:17 left in the game. Effinger's kick was no good, making the score 38-0 Antioch.

Grant received the kickoff and put the ball in play on their own 30. A defensive error by Antioch allowed Grant to go 75 yards on a screen pass for a t.d. Their kick was blocked by Jim Polley and the score was 38-6 Antioch with 6:29 left in the game.

The Sequoits received the kickoff and Owens hit Carlson with a pass for 67 yards and Carlson's second t.d. with 4:08 left in the game. The p.a.t. was blocked, making the score 44-6 Antioch. Grant couldn't move the ball and punted. Lou Nielsen fumbled the ball on the first play and Grant recovered on Antioch's 30. They scored on a 27 yard pass play with 1:21 left in the game. Their p.a.t. was wide and Antioch led 44-12.

Grant kicked to Antioch and Nielsen made up for his fumble by returning the kickoff 79 yards for the score and running in the extra point. The final score was Antioch 51-Grant 12.

Antioch is now tied for first place along with Lake Forest and Warren. The Sequoits travel to Waukegan this Saturday to try and tame the Bulldogs and stay in a first place tie with either Lake Forest or Warren, since the Scouts battle it out with the Blue Devils Saturday.

Driving in traffic and reading a map don't mix. Motorists on trips should plan their routes in advance. A good driver always anticipates a change of direction. Last second stopping or turning may result in an accident.

Sophs Beat Grant 33-0

The Sophomore Sequoit defense allowed only one first down to Grant last Saturday to extend their "unscored on record." The hard tackling defense was led by Rick Claeson, Al Boston, Jim Gaa, Dan Walsh and Greg Pedersen.

Marty Romaine led off the scoring with a pass interception in the first quarter on the Grant 12 yard line. Our second touchdown came in the second quarter on a five yard plunge by Rick Claeson.

In the third quarter Hagstrom scored from the one yard line to take the game out of reach for Grant. Before this a Grant center snap sailed over the head of their punter to give Antioch a safety. (2 points).

The score board read 21-0 with a few seconds remaining in the period.

The final 90 seconds brought a flurry of offensive effort. Marty Romaine, who had been quarterbacking the whole game chalked up a touchdown with a brilliant zigzagging run from the 18 yard line. Late in the game Ken Vos was the recipient of a Tom Martin pass to make the final score 33 to 0.

Congratulations to the team for their fine effort.

On defense Bill Gaa, Larry Loeff, Baczynski, Revell, and Dale Nelson have turned in good performances.

Racers End Season At Waukegan Track

Waukegan, Sept. 28—Jim Cossman took the feature lead on the ninth lap and went on to win the 30 lap event at the Waukegan Speedway Saturday night. These events brought the curtain down on the 1968 late model season at the Speedway.

Cossman blistered the track with a 17.60 clocking in the time trial runs, which was the fastest lap of the season. When Scott Moore and Dick Vanderspool collided in the trophy dash, Cossman was right there to grab the lead and race on to the win. A heat race win coupled with the feature victory gave Cossman a clean sweep, a rarity at the Waukegan oval.

The first late model heat race kept the fans on the edge of their seats. Roger Toppel won the event easily.

The hobby stock action was rough again Saturday night with George Garret once again flipping in the number one turn. Two weeks ago Garret did it all by himself; however this time he

had help from several cars with Dave Cermack's car ended up on top of Garret's upset mount. Neither was injured.

In the hobby feature, Jim Couch forged into an early lead. Heat race winner Bud Herman pulled in close behind to challenge in the late laps, but he eventually spun, losing valuable ground.

Salem Razorbacks Win Two Games

Some exciting football is being played at Salem Consolidated Grammar School. The intramural football season is on and the games played thus far are exciting and many of them close scores.

The Titans beat the Badgers 7-0. The Titans scored on a 10 yard pass from quarterback Glover to George Lebangood. Glover made the extra point on a run around end.

The Razorbacks beat the Titans 19-0. Two touchdowns were scored by Ernie Kraak and one by Capt. Hall. Lonnie Smith scored the final point.

In a very close game, the Panthers beat the Razorbacks 14-13. Capt. Biller intercepted a Razorback pass and ran 60 yards for a touchdown.

Roger House scored the PAT. In the second half, Hall and Kraak scored touchdowns for the Razorbacks and then House scored a touchdown for the Panthers and added the extra point needed to win the game.

The Razorbacks beat the Badgers 19-0 on two touchdowns by Kraak and one by McAlister. McAlister ran 78 yards—the longest run this year, for his touchdown. Hall added the extra point.

Anglers Compete For 1968 State Crown Sun.

Forty anglers, including six former titleholders, will compete for the 1968 Illinois state individual fishing championship on Channel Lake and Lake Catherine in the Chain O' Lakes region of northeastern Illinois, near Antioch, on Sunday, October 6.

George Kraymer of McHenry, the defending champion, heads the list of former winners in the final fish-off, all of whom were seeded into the title round. Kraymer is the only angler ever to win more than once in the meet, which was inaugurated in 1960. Kraymer also won in 1964 and in 1966 and will be striving to become the first to capture three titles in as many years.

The other former titleholders, with the year won in brackets, are: Bill Hoffman, Evanston (1960); Harold Smiley, Mundelein (1961); Don Nicols, La Grange (1963); Lou Simon, Antioch (1964); and Tony Valengo, Fox Lake (1965).

The other 34 anglers in the finals qualified for the fishoff during a 14-day period from Sept. 16 through Sept. 29.

Sunday's (October 6) fishoff will be held in two periods, from 11 a.m. to 2 p.m., and from 3 p.m. to 7 p.m. Anglers will fish for northern pike, walleye, black bass, bluegills, and white bass or strippers.

The angler with the most points at the end of the day's fishing will be declared the champion. Each ounce of northern pike, walleye and black bass will be worth three points, while each ounce of bluegills and white bass will be worth one point.

In addition to receiving a huge, beautiful title trophy from Barney Shunneson, operator of the Chan-

nel Lake Boat House and sponsor of the meet, the winner also will receive an all-expense trip to the 1968 World Series of Fresh Water Fishing to be held on Lake Texoma, Texas, Oct. 26-27.

Shunneson, who has sponsored the state tournament for eight of the last nine years, will pay the winner's traveling expenses to the Texas meet. While there, the Illinois champion, as well as other state winners, will be the guests of the Thistlewood Country Club, receiving free room and board, boat and motor.

MONDAY NIGHT TAVERN

SEPTEMBER 30

Frank Heiselmann, 237-574, paced Maggie and Bob's Tavern, to the league high team series, 2764 and two games over Jack

Crandall, 195-570, and Old Hickory Inn. Old Hickory Inn series 2600.

The high league bowler for the evening, Joe Muskat, 211-156-213, led Red Arrow Tavern to a pair of wins over Helvetia Hotel. Erv Kerosan, 211-561 for Helvetia.

With Al Desbiens' 192-503, leading the way, Cole's Tavern won three games from Tom Griffin 212-577, and the Fiddler's Green team.

Old Orchard Tavern won two

Soy Beans Harmful To Canada Geese

Late in September 1966, some of the newly-arrived Canada geese at Crab Orchard National Wildlife Refuge began dying in the fields. Their long necks, in many cases, were hideously swollen. Examination of the dead birds showed that their crops were crammed with soybeans; nothing could get down to their gullets so, apparently, they starved to death.

Between then and November, between 2,000 and 3,000 geese were killed by "crop impaction." The estimate is made by Bob Jarvis, a Southern Illinois University graduate student who has spent the past two years researching the mystery.

This fall, at last, there won't be any beans grown on the refuge. The refuge slammed a five year lid on soybean planting while studies (by refuge biologist and the Federal Bureau of Sports Fisheries and Wildlife laboratories, as well as Jarvis are underway to find out exactly what combination of factors is operating in the good kill.

There are some theories. It could be that a toxin in the beans, or a microorganism, causes a fatal reaction. It might be that some mineral in the Canada's drinking water, plus the beans, sets up the paralyzing result. Jarvis himself is inclined to think that merely the swelling of the beans does it; a soybean increases some two and one half times in volume after five minutes in water.

About 500 geese died at Swan Lake, Mo. Refuge in the mid-fifties and a University of Missouri researchers found that swelling of soybeans in their crops was the cause.

But there's a hitch. Most of the geese in the '66 Crab Orchard die-off went very slowly; they would live three to four weeks after ingesting their fatal meal. Some, however—Jarvis thinks 20 percent—succumbed within 24 hours and showed none of the pathological symptoms of the majority.

While the starved birds sustained heavy tissue damage to their

games from Norm James, 191-555, and the Johnson's Petite Lake Resort five. Bob Stryjewski, 225-558, for Old Orchard.

'Harry Pavel, 192-552, led his team, The Open Door Tavern, to a pair of wins over Paly's Lounge. Bob Gossman, 182-492 for Paly's.

Arnie Colby, 208-565, paced The Angels to three nice wins over Kempf's Tavern. George Balck 180-505, was the high man for Kempf's.
